CLAYDON REEVES

Nov 07, 2012

Pandora

Angela Audretsch

The latest line to be revealed by Marine Leather is the Pandora Collection. The collection features original stitching, patterns, overlays and sophisticated pleated works and the hides are available in everything from neutral tones to vibrant and intense shades. Specially crafted for use on superyachts, the hides can be customised for anything from indoor and outdoor sofas to chairs and doors. The leather is treated to provide maximum moisture and abrasion resistance, ideal for the harsh conditions at sea. As with all creations made by Marine Leather, the Pandora Collection is handmade and environmentally friendly. Pandora joins Marine Leather's other collections: Special, Space, Classic, Prestige and its leather flooring collection, Nettuno.
